1,000 " " 10% " " " "

On fruit trees and berries the quantity rate applies only to classes of fruit such as apples, or pears, or peaches, etc. EXAMPLE: On an order consisting of 8 Apples and 12 peaches, the apples would take the 1 to 11 rate of \$1.00 each, and the peaches the 12-to 24 rate of 85¢ each.

The quantity rate applies on total number of trees of a class, not on total number ordered. Shade trees, shrubs, and vines take the quantity rate on varieties--not on classes.

Terms: \$2.00 deposit on orders of \$20.00 and under; 10% deposit on orders over \$20.00; balance cash on delivery. Customers will make all checks payable to the company. No orders less than \$2.00 accepted unless accompanied by cash in full.
